

## **Large Incentive Request**

**To be included with all incentive-requests greater than \$25,000**

Act On Energy works with eligible Ameren Illinois Utilities' non-public business customers to install cost-effective energy efficiency projects. The program intent is to cause the implementation of projects that without Act On Energy assistance would not be completed.

Please take a moment to document how the requested financial incentive from Act On Energy is critical to the success of the project. Completion of this form does not guarantee the award of an incentive.

Mail or fax along with the incentive application to:
